**Freedom of Information request:** Reference number FOI2026/00235

**Date of request:** 27th February 2026

**Request:**

Please treat this message as a request for information under the Freedom of Information Act 2000.

I am requesting information about how your organisation manages its vehicle fleet. For the purposes of this request, “fleet management software” means any system used to manage vehicle maintenance, inspections, servicing, compliance, or related fleet activities.

Please provide the following information for your current position:

**1. Fleet size**

The number of vehicles currently operated by your organisation (or the most recent figure held).

If obtainable, the number of non-vehicle assets operated by your organization that are subject to regular maintenance and compliance inspections.

NOTE - Where vehicles are managed across multiple departments or directorates, a single aggregated fleet figure is sufficient.

**2. Fleet management software usage**

Please indicate one of the following:

- Yes - dedicated fleet management software used
- Yes - fleet management functionality provided by a vehicle leasing or hire provider
- No fleet management software used

**3. Current fleet management software provider**

(If applicable).

**4. Name of the fleet management software application**

If different from the provider name (for example, the product or system name).

**5. Annual spend**

The current annual cost associated with the fleet management software (for example licence, support and/or hosting), if this information is held.

If this information is not held as an annual figure, please state this.

**6. Start year**

The year in which your organisation began using the current fleet management software provider.

**7. Current contract end date**

If a fixed-term contract exists, please provide the contract end date.

If the arrangement is rolling or open-ended, please state this.

#### 8. Contract type

Please indicate one of the following:

- Fixed term
- Rolling annual renewal
- Open-ended / no fixed end date

#### 9. Licensing model

Please indicate whether the fleet management software is:

- Subscription-based (for example annual licence or SaaS), or
- Perpetual licence (with or without annual support)

If it is easier, this information may be provided in a simple table.

If any of the information requested is not held, please indicate this clearly for the relevant item.

If parts of this request exceed the appropriate cost limit, I would be grateful if you could provide the information that can be supplied within the limit.

Please provide this information in the format of a PDF file.  
Thank you for your assistance.

#### **Response:**

Please see below for a response to your request:

##### *1. Fleet size*

*The number of vehicles currently operated by your organisation (or the most recent figure held).*

*If obtainable, the number of non-vehicle assets operated by your organization that are subject to regular maintenance and compliance inspections.*

*NOTE - Where vehicles are managed across multiple departments or directorates, a single aggregated fleet figure is sufficient.*

The number of vehicles currently operated by LFB is 392, all maintained to a set schedule, Lease vehicles are not included as these are not owned by the Brigade, they are owned by the lease companies. The data for the number of non-vehicle assets is not held.
