

Freedom of Information request: Reference number FOI2025/00277

Date of request: 22nd March

Request:

Please can you provide a copy of the incident report and any other information relating to a substation fire in Aldgate on 1 April 2013 which affected the London Underground including the cause of the fire and the extent of any power outages

Response:

A search of the London Fire Brigade (LFB) Incident Management System (IMS) has not provided a match for an incident matching the description or date as per your request.

If you can provide further details, we may be able to widen the search for this incident.

Please note, in most cases we charge for Incident Reports and they are considered exempt from the Freedom of Information provisions as it is "information accessible by other means" ([FOIA Section 21](#)).

For more details about our Incident Reports service, please see the [information on our website](#).

As Incident Reports often contain information that is likely to be personal data, we assess every request to make sure that you are entitled to receive a report, and we meet the requirements of the Data Protection Act (DPA). Decisions on eligibility are made on a case-by-case basis but are usually limited to the people that are an owner or tenant of damaged property, people injured during an incident, or any organisation acting on their behalf.

If you are able to provide more details about the incident i.e. address or postcode, please contact the Incident Report Team direct using the email address incidentreports@london-fire.gov.uk

We have dealt with your request under the Freedom of Information Act 2000. For more information about this process please see the guidance we publish about making a request on our website: <https://www.london-fire.gov.uk/about-us/transparency/privacy/>
