

Freedom of Information request: Reference number FOI2026/00930

Date of request: 5th August 2026

Request:

Under the FOI, please can I request the following -

‘Do you have any operational staff (FF-CFO) who currently have an ICD / Pacemaker fitted and are currently operational’. If so, how many?

This is to support some research I am currently doing. No names or any further information about the individuals are required.

Response:

Further to your request, the Health and Wellbeing team were contacted for information regarding LFB operational staff with ICD/pacemakers. As the number of individuals is less than 5, LFB are unable to release the exact figure of this data as individuals could potentially be identifiable. Furthermore, releasing figures this low creates a risk that individuals can be identified when combined with other data. The data is exempt from release under [section 40 of the FOIA - Personal information](#).

We have dealt with your request under the Freedom of Information Act 2000. For more information about this process please see the guidance we publish about making a request on our website: <https://www.london-fire.gov.uk/about-us/transparency/request-information-from-us/>
