

Freedom of Information request: Reference number FOI2025/00539

Date of request: 22nd May

Request:

I am writing to request the following under the Freedom of Information Act 2000 regarding emergency response to football stadiums during the 2023/24 season and any available 2024/25 data:

1. Number of fire service call-outs to Premier League stadiums.
2. The nature of the incident (e.g., fire, false alarm, crowd issue, public safety concern).
3. If possible, specify:
 - Which stadium
 - Date of incident

Please break down the data by month or event, where available.

If possible, please provide the information in an Excel (.xls or .xlsx) or CSV format.

Response:

In response to the above, please see below table with the number of call outs to Stadiums and the nature of the incident. We record under stadium and not Premier League etc so the data below will show all stadium incidents from 2024 to present.

The London Fire Brigade publishes incident data on the London Data store. This can be found here <https://data.london.gov.uk/dataset/london-fire-brigade-incident-records>

If you download the 'LFB Incident Data from 2018' spreadsheet you can filter and search for stadiums under property type.

We have dealt with your request under the Freedom of Information Act 2000. For more information about this process please see the guidance we publish about making a request on our website: <https://www.london-fire.gov.uk/about-us/transparency/request-information-from-us/>

Year	Month	Property Type	Address	Incident Description	Number of Incidents
