

**Freedom of Information request:** Reference number FOI2026/00836

**Date of request:** 18th July 2026

**Request:**

I am writing to request information under the Freedom of Information Act 2000 and, where applicable, the Environmental Information Regulations 2004.

Please provide information concerning incidents attended by the London Fire Brigade at 93 Bradgate Road, London SE6 4TR, during the period 1 July 2023 to 30 June 2026.

For each incident, please provide:

1. The date of the incident.
2. The broad incident category, such as:
  - \* fire;
  - \* false alarm;
  - \* special service; or
  - \* another broad category already used in your incident-recording system.
3. The number of fire appliances mobilised.
4. The number of fire appliances recorded as attending, if this is held separately.
5. The total number of incidents during the complete three-year period.

Please also provide annual totals for:

- \* 1 July 2023 to 30 June 2024;
- \* 1 July 2024 to 30 June 2025; and
- \* 1 July 2025 to 30 June 2026.

I am not requesting names, personal details, narrative incident reports, caller information, information identifying individual residents, or precise incident times.

Please count each incident once, rather than counting each appliance mobilisation as a separate incident.

If incident dates or categories cannot be disclosed because they could identify an individual, please provide the annual totals only. If annual totals cannot be disclosed, please provide a single total for the complete three-year period.

If information is not held for the entire period, please provide it for the longest part of the requested period for which records remain available.

Please consider partial disclosure, aggregation or redaction rather than refusing

the request in full. If the request cannot be answered within the appropriate cost limit, please provide advice and assistance on how it could be refined.
