

**Freedom of Information request:** Reference number FOI2025/00459

**Date of request:** 5th May

**Request:**

I would like to be provided with an up to date structure chart for the directorate of corporate services technical & commercial.

The most recent one available on the LFB website is marked as effective November 2021. If this directorate is unchanged and all job postings shown are correct as of May 1st 2025 could this please be confirmed in writing. If any changes have taken place to any of the job roles and number of positions, could this be shown on an updated chart.

**Response:**

Please note that this directorate has since been restructured and is no longer operating under its previous single form (Directorate of Corporate Services – Technical & Commercial). It has now been formally divided into two separate teams:

- **Procurement and Commercial Team**
- **Property and Technical Support Services (TSS)**

Please be advised that the most recent and accurate structure chart for this directorate is now available and is enclosed with this response. This updated chart reflects all current roles and reporting lines. The blacked out boxes are posts that have been removed from the section.

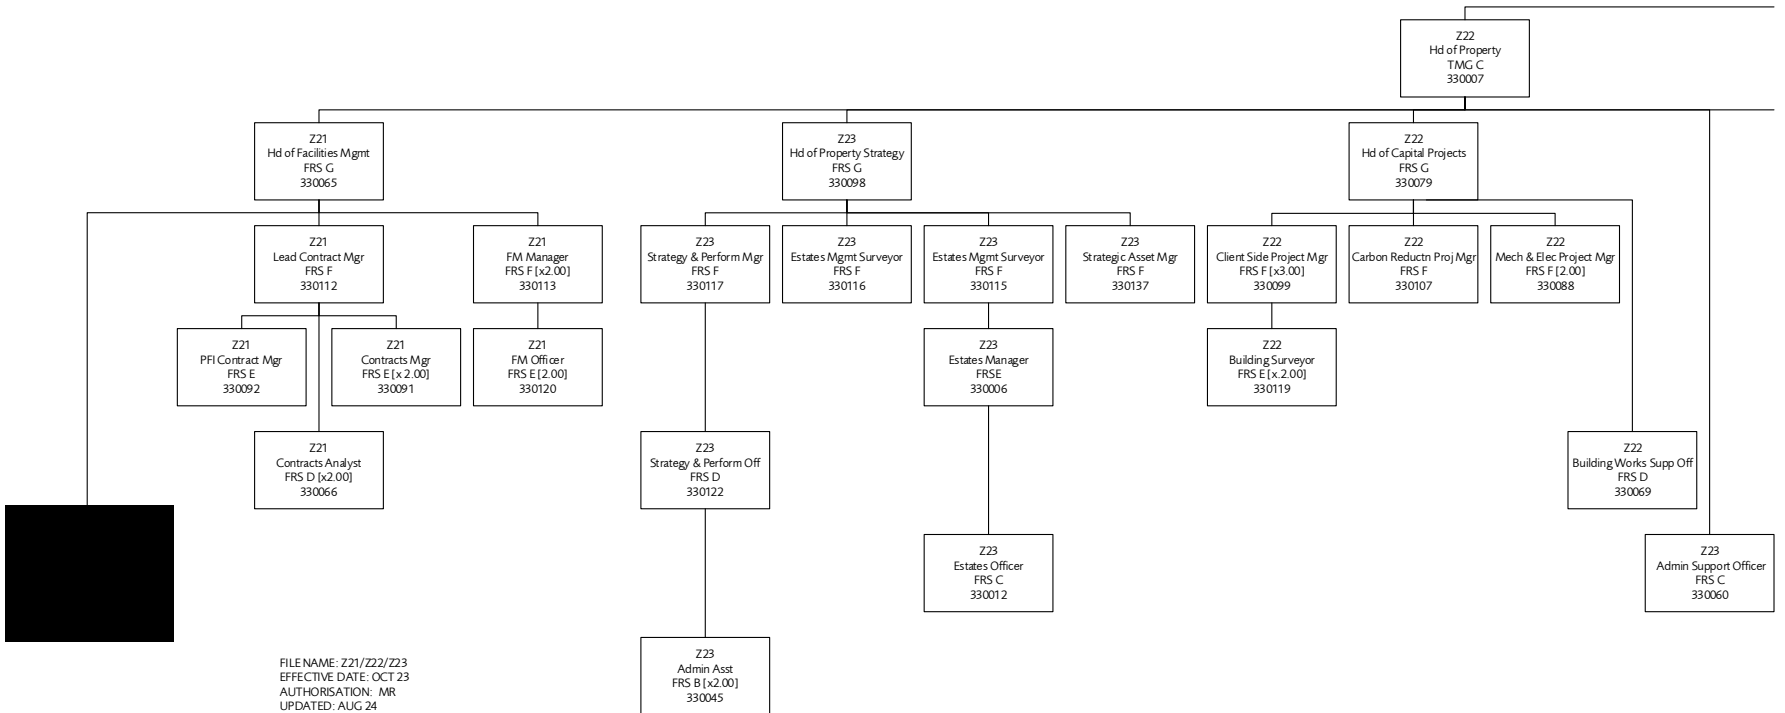

Where changes have occurred since the prior version, these are reflected in the revised chart, including any updates to job titles and the number of positions.

We have dealt with your request under the Freedom of Information Act 2000. For more information about this process please see the guidance we publish about making a request on our website:
