LONDON FIRE BRIGADE

London Fire Brigade Headquarters
169 Union Street London SE1 0LL
T 020 8555 1200
london-fire.gov.uk

Freedom of Information request: Reference number FOI2026/01336

Date of request: 18th October

Request:

this block of flats which has been deemed in need of Fire Remediation works under the Building Safety Act.

Tower Point
Sydney Road
Enfield EN2 6SY (& 6SZ)

To compound the issues, the freeholder via their estate management arm has installed a fire alarm that has produced around 50 false alarms from Jan 2024 to date. We are in disbelief that this situation is allowed to continue (2 more false alarms last night).

I would like to see a record of the many dozens of LFB callouts. One of my fellow leaseholders was advised that the information is available via this page:
https://data.london.gov.uk/dataset/london-fire-brigade-incident-records-em8xy

However the interactive portal is not functioning, so I downloaded the xl file labelled "LFB incident data from 2024 onwards" - and sorted by postcode of incident location. There are only two incidents to our block showing (screenshot attached).

Two questions:

* Am I looking in the right place?

* If so, why are there only 2 incidents showing when LFB has attended estimate 40-50 times in the period?

* Can I please have the full log dating from Jan 2024 to present?

Response:

I refer to your correspondence of 18 October 2026, which has been processed as a Freedom of Information request.

A full list of incidents attended by the LFB is published via the London DataStore and can be accessed via this link: https://data.london.gov.uk/dataset/london-fire-brigade-incident-records. You were therefore looking in the right place.

The table below sets out the incident attendance data recorded by London Fire Brigade for Tower Point, Sydney Road, Enfield EN2 6SY and EN2 6SZ for the period 1 January 2024 to the date of your request. You can use the Incident Number recorded in the list to find out further details about these specific incidents using the published information linked above.

Please note that London Fire Brigade is unable to provide specific flat numbers within the development, as this constitutes personal information that could identify the occupants of specific properties and is therefore exempt from disclosure under section 40 of the Freedom of Information Act 2000 (Personal Data).

LFB do not hold detailed reports for false alarm incidents. Our Incident Records team can provide a Confirmation of Attendance document if requested but this does not contain any more information than is published on the London DataStore Incident Records dataset.

We have dealt with your request under the Freedom of Information Act 2000. For more information about this process please see the guidance we publish about making a request on our website: https://www.london-fire.gov.uk/about-us/transparency/request-information-from-us/ [1][2]
