

Freedom of Information request: Reference number FOI2025/00221

Date of request: 6th March

Request:

Please could I request an updated fleet list for 2025, as there hasn't been an annual update as of 06/03/25, on the London Datastore: <https://data.london.gov.uk/dataset/london-fire-brigade---fleet-list>

Preferably, it should include the same level of information as the 2024 Fleet List.

Response:

Our Fleet team have confirmed they are currently working on the updated Fleet list and this will be available on the data store at the end of April.

We are not obliged, [under section 22](#) of the FOIA, to provide information that is intended for future publication. Section 22 is a qualified exemption. This means that, even if the requested information falls within it, then I must go on to consider whether the public interest in maintaining the exemption is greater than the public interest in disclosing the information. As the information is of interest to the wider public it is important it can be accessed simultaneously by the general public rather than piecemeal by disclosure to a small number of individuals under the FOIA. Therefore it is in the wider interest that information is accessible to the public by adhering to the publication schedule and, as such, the 2025 fleet list information withheld from disclosure at this current time.

We have dealt with your request under the Freedom of Information Act 2000. For more information about this process please see the guidance we publish about making a request on our website: <https://www.london-fire.gov.uk/about-us/transparency/request-information-from-us/>
