

Freedom of Information request: Reference number FOI2026/01193

Date of request: 23rd September 2026

Request:

A fire safety audit was undertaken at Turkuoise on 24 April 2025. I would like a copy of the associated inspection report (safety notice attached). I have been appointed on behalf of the restaurant insurers to investigate a fire that occurred there on 29 August 2025.

Response:

Further to your request, LFB Fire Safety team were contacted for information for Turkuoise restaurant, 124-126 Green street, London, E7 8JQ. A Fire Safety Audit was completed on the 29th May 2025. The outcome of the audit was Low Risk. As a result, a Notification of Deficiencies (NOD) was issued on 2nd June 2025, which you have a copy.

LFB does not disclose the Fire Safety audit when a NOD has been issued. Suggested changes are included in the NOD. When issuing a NOD the expectation is that the issues are minor enough that they can be rectified without needing any formal intervention from the LFB (which is different to an [Enforcement Notice](#)). As such, it would be for the Responsible Person(s) of the premises to be satisfied the deficiencies noted are addressed appropriately and within the recommend time frame. The LFB will then check these issues when the property is visited at the next routine inspection (according to the level of risk).

We have dealt with your request under the Freedom of Information Act 2000. For more information about this process please see the guidance we publish about making a request on our website: <https://www.london-fire.gov.uk/about-us/transparency/request-information-from-us/>
