

**Freedom of Information request:** Reference number FOI2025/00671

**Date of request:** 30th June

**Request:**

Dear Sirs,

We formally request under the FOI 2000 regulations Act and EIR 2004 regulations Act data you hold, and which is already or will be in the public domain

For the year to 31-Mar-25 for all sites within your control, we please require the below to be disclosed:

1. Organisation Name:
2. Your grid Electricity kwh's consumed & the £-value spent excl-vat?
3. The natural Gas kwh's consumed & the £-value spent excl-vat?
4. Please do also indicate if the electricity is classed as or % from renewable sources or traditional Brown?

Notes: Given the cost increases to the residents of each local authority, there is a huge public interest in accountability of ALL public sector energy usage & energy costs across all Local authorities, all Government departments and all publicly funded or linked organisations which fall within freedom of disclosure requests. For the avoidance of doubt, disclosure of energy kwh usages falls firmly within the EIR 2004 regulations, and the cost disclosure fall within your normal cost spend disclosure as stated on your public facing website disclosures and so there is nothing which could be considered as a valid ROI exemption nor could claim to be commercially sensitive etc.

Considering the unfettered full disclosure of all Government departments and over 400 local authorities etc within our last £4.3 billion cost report, then as FOI obligates local authorities etc to adhere to full disclosure, any refusal will be passed onto their local media.

This request is again made for journalistic reasons and as Box Power CIC is a non-commercial (not-for-profit) organisation & the information will again be made publicly available and issued to UK national media, then no RPSI restriction is to apply upon your disclosure to us.

**Response:**

Please find the response to your request below

1. Organisation Name: [London Fire Brigade](#)
2. Your grid Electricity kwh's consumed & the £-value spent excl-vat? [11,349,396 Kwh, £3,236,532](#)
3. The natural Gas kwh's consumed & the £-value spent excl-vat? [19,997,717 Kwh, £1,471,815](#)
4. Please do also indicate if the electricity is classed as or % from renewable sources or traditional Brown? - [London Fire Brigade's electricity is purchased via renewable RIGO certificates. It is therefore 100% renewable.](#)

We have dealt with your request under the Freedom of Information Act 2000. For more information about this process please see the guidance we publish about making a request on our website:
