LONDON FIRE BRIGADE

Freedom of Information request: Reference number FOI2026/01471

Date of request: 12th November

Request:

Dear Freedom of Information Team.

I am writing with regards to my last request - FOI2026/00813 – dated 13th July 2026 regarding the introduction of the 10 new Renault vans to the Brigade's fleet.

In your response, you stated these were still in the process of being delivered, and the information I was requesting was not available at the time of your reply.

My understanding is these vans have now been delivered and entered service, and I am writing to ask the following.

The fleet numbers of the new vans, and the fleet numbers of the vehicles they have replaced.

Example:

New – V100 – V50 to Disposal

If you are able to also provide the registration numbers of the new vans, that would also be appreciated.

I am also aware the Brigade has recently updated the fleet list on the London Datastore website, and also replied to other fleet enquiries on the main Brigade website, however, the new vans and disposals details of the old vans do not feature on these, hence my follow-on request for this information.

In closing, I would like to thank you for taking the time and trouble to respond to my enquiry, as always this is much appreciated.

Response:

I refer to your request for information, that we received on 12 November 2026, and has been processed as a Freedom of Information request.
