

Freedom of Information request: Reference number FOI2026/00599

Date of request: 27th May

Request:

Could you please tell me the following information under the Freedom of Information Act 2000:

- 1) The number of wildfires dealt with by your department each year for the past 5 years. Please use the most recent annual periods or parts of year.
 - A. Please note, the National Fire Chiefs Council recommends using the following definition: "Any uncontrolled vegetation fire where a decision or action is needed about its suppression". It should "present a serious threat to life, environment, property and infrastructure." Please use this definition when providing the information. If you use a different definition, please include your definition in the document.
 - B. If you do not use a definition, please include fires affecting the below categories:
 - Grass
 - Forest
 - Heathland/Moorland
 - Other outdoors (including land)
- 2) Please also provide details of how long each wildfire lasted in days, minutes, hours where possible.
- 3) Of these wildfires, please outline how many were found to be caused by human actions.
 - a. Please also outline how many wildfires were found to be caused by 1) accidental ignition (e.g. smouldering campfires, bbqs, and open fires), and 2) arson.

Response:

The London Fire Brigade (LFB) data team has provided the dataset referenced in this response. The requested information relating to wildfire incidents has been collated.

All information held within the scope of the request is included. Please see the attached dataset and accompanying tables below for further details.

We have dealt with your request under the Freedom of Information Act 2000. For more information about this process please see the guidance we publish about making a request on our website: <https://www.london-fire.gov.uk/about-us/transparency/request-information-from-us/>

Of these wildfires, please outline how many were found to be caused by human actions.
