

**Freedom of Information request:** Reference number FOI2025/00082

**Date of request:** 3<sup>rd</sup> March 2025

**Request:**

I am writing to request the following information.

Can I please request the on stations ground or total mobilisation figures for each station for 2024, can I request this information is supplied as a 'league table' either showing each station's total number of calls or a breakdown of each type of call they have attended.

This information has been kindly sent to me by your team for a number of years, and if you can do so again, that would be really appreciated.

Please do not deal with my request by referring me to the London Datastore website to interrogate the datasets, as this do not return the information I require.

I have attached a copy of the 2023 figures to show you the 'format' I would like to receive the information.

Secondly.. can you please confirm when the latest LFB fleet list is due to be published on the London Datastore website?

In previous years, you have kindly emailed me a copy - as I've made these two same requests over many years!

In closing, I would like to thank you for taking the time and trouble to deal with my request.

As always, I send my best wishes to the team

**Response:**

*Can I please request the on stations ground or total mobilisation figures for each station for 2024, can I request this information is supplied as a 'league table' either showing each station's total number of calls or a breakdown of each type of call they have attended.*

Please see below for the mobilisation figures for each station for 2024. The table shows the number of incidents broken down by incident station ground and incident type between 1<sup>st</sup> January 2024 and 31 December 2024.

Incident Station ground	Incident Type			Grand Total
	False Alarm	Fire	Special Service	
Soho	2,821	347	740	3,908
Paddington	1,883	287	1,200	3,370
Lambeth	1,309	256	1,242	2,807
North Kensington	1,317	182	960	2,459
